

Career paths:

A KS4 qualification in Art and Design is essential for entry into one of the many creative industries. It will equip you with the skills necessary to interpret your ideas in a creative manner. You will produce a sketchbook/digital portfolio which will showcase your work and can be shown at future interviews. Employers love creative minds and by studying one of our courses you will be thoroughly prepared for a career in the creative industries such as:

TV and film, Architecture, Graphic design, Photography, Fashion design, Illustration, Digital and multi-media design, Industrial design.....and many more.

What can I do after I have completed this course?

We offer A levels in Art and Photography and a Level 3 BTEC in Creative Digital Media.
